Dominion Electronics Becomes InduSoft Master Distributor in Australia

Austin, TX - September 1, 2005 - InduSoft LLC (www.indusoft.com) announces that Dominion Electronics (www.dominion.net.au) has become the Master Distributor for InduSoft products in Australia and New Zealand. Under this agreement, Dominion Electronics will resell InduSoft products as well as provide logistical support to other InduSoft distributors in the region.

InduSoft Web Studio, combined with hardware and other software supplied by Dominion Electronics, provides a powerful, integrated collection of automation tools that includes the building blocks needed to develop human machine interfaces (HMIs), supervisory control and data acquisition (SCADA) systems, and instrumentation and embedded applications. InduSoft Web Studio runs on native Windows NT, 2000, XP, embedded XP, CE 3.0 and CE .NET environments and conforms to industry standards, such as Microsoft .NET, OPC, DDE, ODBC, ADO, XML, SOAP, and ActiveX.

According to James Mcleod, Managing Director of Dominion Electronics, "InduSoft is a strong addition to our product portfolio, complimenting our line of Windows-based HMI, Industrial PCs and board-level products. In addition, InduSoft provides a powerful HMI front-end to the ISaGRAF PC-based control
