## ***InduSoft Goes to China and Beyond*** **HMI/SCADA System Now Available in Chinese**

AUSTIN, TEXAS — March 2003 — ICP DAS Ltd, based in Hsinchu, Taiwan, one of the world's leading suppliers of embedded controllers, I/O modules, motion control devices, and soft PLCs will sell, ship, and support InduSoft's Web Studio HMI/SCADA products worldwide. ICP DAS has translated all of InduSoft's documentation; including manuals, training materials, and Getting Started guide into Chinese, and is conducting InduSoft Web Studio training classes at the Cheng-Shiu Institute of Technology in Taiwan.

"InduSoft now has a strong presence in the Asia-Pacific market," said Ernest Roland, president of InduSoft. "With ICP DAS, we have local training and support in the Chinese language."

All Chinese translations of InduSoft's documentation are available on CD-ROM for use by OEMs and systems integrators who incorporate InduSoft Web Studio software on embedded controllers, handheld PDA devices, process control, automation systems, and complete distributed control systems sold in China and Asia.

ICP DAS has offices in China, Europe, and the United States and they have distributors all over the world; including Australia, Brazil, China, the Czech Republic, Denmark, France, Germany, Italy, Japan, Netherlands, New Zealand, Russia, South Africa, Spain, Turkey, Ukraine, and the United Kingdom.

InduSoft supplies HMI/SCADA products that run on Microsoft operating systems including Windows CE .NET 4.1, NT, 2000, and XP. Customers of ICP DAS can order InduSoft software products, such as InduSoft Web Studio and CE View, directly from ICP DAS distributors.
